

Acts 4 Project

In the opening chapters of Acts we read of the rapid and exciting beginnings of the church. But as soon as you pool a group of people together, problems (of one sort or another) will begin to develop. One of the first we read about was the need for money / resources and the unity and excitement of this new movement translated into an eagerness to use their possessions to meet the needs of the church.

In 2010 the South Pacific Bible College would like to call on its friends, graduates, and local congregations to make a commitment to participate in our **Acts 4 Project**. We would like you to consider arranging a minimum donation towards the College of \$1000.00. Perhaps the easiest way to achieve this is to pool together a number of people and have a garage sale. Perhaps you could even get the whole congregation behind the project.

Imagine, groups of friends, graduates, and congregations from all walks of life, from different parts of the globe, coming together in an expression of unity and common purpose to help us continue to train men and women for service in His Kingdom.

If you can participate please email us at: acts4project@spbc.org.nz
